

Petro6 Engineering & Construction Pvt. Ltd, Chennai, India

Quality, Health, Safety and Environmental Policy

Petro6 E&C management, engaged in delivering optimum value added Design, Engineering and Project Management solutions, is committed to:

- ❖ Operate and maintain an effective QHSE Management System which ensures optimum value added engineering solution within the project schedule.
- ❖ Plan and achieve customer's satisfaction through continual improvement of operational effectiveness and high degree of delivery performance by periodical project performance reviews of Quality, Environmental, Health and Safety systems.
- ❖ Adopt the best feasible processes to minimize pollution, conserve resources and minimize waste in the operations to protect the environment.
- ❖ Implement, maintain and improve procedures to control risks, prevent injuries and ill-health to all persons working.
- ❖ Ensure compliance to all applicable legislations and customer's specific requirements.
- ❖ Establish frame work for Quality, Environmental, Health, and Safety Objectives and targets

Petro6 E&C Personal practice

“QHSE as everyone's responsibility and not any ones.”
